Post Program

■ Policy track

- IEEE-SA professional staff will contact policy track participants for follow up
 - Sample questions:
 - What have you learned and how can we assist you?
 - Has it been relevant?
 - Would you recommend this program to your colleagues?
- IEEE-SA professional staff will contact those engaged from IEEE 802 for feedback

Program Metrics

■ 802 Metrics

- Has regulator incorporated 802 standards where they were not already incorporated before?
 - IEEE-SA staff suggest changing this to “IEEE 802 standards referenced in regulation”
- Regulations changed to be more favorable to 802 standards?
 - IEEE-SA staff finds this difficult to measure
 - What is the definition of “favorable”?

■ IEEE-SA Metrics

- IEEE standards referenced in regulation
- Adoption of IEEE standards
- Fellows formally engaged in IEEE (technology program)
- Fellows drive/support IEEE activities in country (technology program)
