IEEE-SA Fellowship Program

Glenn Parsons

IEEE 802.1 Chair

12 November 2018

IEEE-SA Fellowship Program at IEEE 802

■ Next program to be held in March 2019 in Vancouver

■ Participation confirmed from three participants
  – Egyptian National Telecom Regulatory Authority (NTRA)
  – African Telecommunications Union (ATU-UAT)
  – Tanzania Bureau of Standards

■ Waiting for confirmation from one participant

■ In the process of inviting additional one/two participants

Preliminary Program – March 2019

- Sunday
  - Introduction to IEEE 802 (10:30 am to 12:00 pm)
    - Each Fellowship Program participant will introduce themselves, their organizations, their areas of interest and areas where IEEE 802 may be of assistance
    - Request each Working Group Chair/Designee to attend this session to meet the participants, learn about their organizations and needs, provide high level information about their Working Group and the work planned for the week

- The rest of the program is currently under development by the volunteer/staff team and will be communicated to IEEE 802 once complete
